

March 15th, 2018

Please know the Remnant Missionary Pal is approximately 80% complete.

Because of the amazing contributions of a hard-working few, the reference guide is getting stronger, deeper, and more comprehensive.

It is our hope and prayer that this reference tool will be useful for making the transition into the new Restoration Scriptures. As a secondary purpose, it is also intended to help prepare us for direct ministry when the appropriate time arrives.

Currently we are working to double-triple check all references to minimize human error. We hope to finish the cross-referencing in April of 2018. There are approximately 2000 scriptures that still need clarified and checked.

Because the work is massive and uplifting, if you feel led to contribute, our little group would be most grateful for your editing assistance.

Please use the “contact us” link at your convenience.
